BORN TO BE CLEAR

Orthodontists around the globe are achieving remarkable and predictable results with their patients by introducing new treatment methodologies into their practice. The Sagittal First philosophy is at the core of these improvements. Our theme, **"Born to Be Clear"**, reflects another crucial element of innovation - clear aligner therapy. At the Asian Carrière Symposium, you will learn how these principles can benefit your patients, and much more:

- ✔ New standards in today's orthodontics and the Sagittal First philosophy
- ✔ The power of passive self-ligation treatment
- ✔ Tackling difficult cases
- ✔ Evolution of aligners
- ✔ High performance wires
- ✔ Roundtable panel discussion

In addition, you will learn which in-person appointments can be replaced by virtual visits and how to streamline in-person visits, all while using less invasive procedures that provide excellent clinical outcomes.

MARCH 3 & 4, 2023 • BANGKOK, THAILAND

Be a part of the first Asian Carrière Symposium in five years! Together with Accord Thailand, Henry Schein® Orthodontics™ is pleased to bring you the foremost educational experience in our field. This world-class event will bring renowned speakers from 4 different countries to share their expertise and treatment principles. You will learn about the latest orthodontic innovations and get the tools to advance your practice and improve patient care.
